

MADRAS

ARMCHAIR

Madras is an elegant and sophisticated armchair, characterized by soft and harmonious lines, emphasized by the upholstery velvet in a soft cream shade that reveals ETRO Home Interiors' most delicate facet. The leather belt is the contrasting decorative element that underlines the harmony of the shapes, while the buckle with ETRO logo, in brass like the tips that add a note of shine to the whole, signs and seals the quality of the armchair.

Armchair with multilayer wood structure and variable thickness high density expansive polyurethane foam covered with resin coated polyester coupled with hypoallergenic white cotton canvas.
