

TAXILA

CENTRAL TABLE

The evolution of the Taxila line, introduced in 2018. The bamboo cane, evocative element of naturalistic inspiration, is protagonist of the collection and is proposed with a polished brass finish, a reference to ethnicity that meets the refinement of precious materials, creating an unusual combination of elements. The top of the table is realized in patinated gold liquid metal lacquered wood, an innovative material for an unusual, refined effect.

Structure in patinated bronze metal with tops in patinated gold liquid metal lacquered wood. Bamboo-shaped elements in polished brass.

Other finishings available upon request from Etro Home Interiors collection.
